MISSOULA--

Dr. Charles Jonkel, a research associate in the University of Montana School of Forestry, will present a free public lecture on polar bear and Arctic ecology at 7 p.m. Thursday, Nov. 21, in room 206 of the UM Forestry Building.

Jonkel, who joined the UM faculty in September, will base his discussion on a bear study he conducted while working for the Canadian Wildlife Service from 1966-74.

Included in Thursday's program will be a half-hour film on polar bear ecology. The program is being sponsored by the UM Wildlife Society.
